

Profile of Welcare Group BD

About Us

We are proud to be introduced as an emerging socio-economic business conglomerate, with a diverse investment portfolio spanning multiple sectors at home and abroad. We started our operations as a real estate venture known as Welcare Green City under the aegis of the group's first concern, Welcare Consortium Limited on the 18th July 2008. Nowadays, our activities span real estate, power sector, IT solutions, agriculture, travel & eco-tourism, food and beverage, trading, Logistic and more, reflecting a broad footprint across both industrial and service sectors. The group also emphasizes corporate social responsibility, participating in community development, education, environmental preservation, and public health initiatives to support sustainable and equitable development. Our Headquarter is in Dhaka, Bangladesh.

Vision

Suggested Vision: To become a trusted and innovative leader in the social enterprise sector, delivering sustainable and high-quality solutions that improve lives, empower communities, and contribute meaningfully to inclusive national development.

Mission

Suggested mission statement: Welcare Group BD is committed to building sustainable and impact-driven enterprises that combine commercial excellence with social responsibility. Through innovative, market-oriented solutions and ethical business practices, we create long-term value, empower communities, generate employment, and contribute to inclusive national development.

Our Core Values

-  Innovation,
-  quality,
-  productivity,
-  accountability,
-  integrity and
-  teamwork.

We are dedicated to being the best in every segment in which we operate, adding unmatched value to our customers' care while creating an outstanding work environment for our employees and making a positive difference in our communities.

Business Concerns of Welcare Group BD Family

Welcare Consortium Limited.

- **Welcare Green City** - Welcare Green City is a premium housing project of Welcare Consortium Limited, committed to solving the crisis not only for business but also for the basic needs of people. It is just 5 minutes away from the American Embassy, Natun Bazar, Aftab Nagar, the Balu River on Regional Road, and close to the Purbachal New Town and Jolshiri Army Housing with multiple road connections to the capital.

Set over a planned project area of approximately 600 Bighas of land, it is divided into 3 zones and 6 blocks (A-F). The development offers residential and commercial plots, duplex zones, custom sites, and allocated land for institutional and business use, designed for both living and investment purposes.

The community features a range of modern facilities and infrastructure, including schools and a college, healthcare services, commercial centers and shopping areas, mosques and community spaces, parks and playgrounds, well-paved internal roads, utility networks, and security systems — all aimed at creating an eco-friendly, family-friendly environment with easy access to essential services.

- **Welcare Purbachal Town** is a housing project by Welcare Consortium Ltd., located at Zinda, Daudpur, Rupganj, Narayanganj, near Zinda Park Road. The site is adjacent to Rajuk Purbachal New Town sectors 22 and 30 and is well-connected to major city hubs. The current project size is planned for 500 bighas of land deviding the project site into 05 Blocks: A - E having a total of 2200 plots. The project promotes itself as eco-friendly and designed with modern urban planning principles. The project promises wide internal roads, parks, schools, reliable utility services, green and open spaces, community amenities, and provisions for healthcare and commercial establishments—aimed at ensuring a secure, comfortable, and sustainable living environment.
- **Welcare Gramer Bari** is a new residential project launched by Welcare Group BD in December 2025. The project is located by the river Dhaleshwari in Shingair, Manikganj. Each house of this

project will be on 26 DCM of land with a duplex building and an area for vegetables, fruit garden, and a pond at the back. The project area focuses on health, education, agriculture, and income-generating activities. Key facilities include training and learning spaces, accommodation for visitors and trainees, demonstration farms, community meeting areas, and basic health and sanitation facilities, making it a model hub for inclusive rural development and social enterprise.

- **Welcare Garden** is a planned real estate and lifestyle development located in a serene area in Hamaetpur, Savar, near the Hemaetpur Metro station with an approximate land area of 550 Bighas. The project is designed to offer a balanced mix of residential comfort and green living deviding the project area in four blocks. Key facilities include secure boundary and gated access, paved roads, electricity and water connections, drainage and sanitation systems, community green areas, and provisions for social and recreational amenities—making it suitable for sustainable, family-friendly living. The project’s proximity to major areas in Dhaka suggests strong accessibility and potential appeal for urban residents seeking green, well-planned communities.
- **Welcare Rain Forest:** Welcare Rain Forest is a specialized resort project of Welcare Group BD. It is a project on 50 Bighas of land. Plot size is planned for 10, 5 and 3 kantha of land. The surrounding lands will be made into a project of 3 to 5 kahtha plots. There will be 60-foot and 40-foot roads within the project area. The project is an environmentally focused initiative aligned with the sustainability vision of Welcare Group BD, which emphasizes eco-friendly development and community well-being. The project likely aims to create a green, nature-integrated environment—combining afforestation, biodiversity conservation, and sustainable land use—similar to the group’s broader commitment to environmentally responsible development. In essence, the Welcare Rain Forest Project represents a forward-looking approach to urban development, integrating natural ecosystems into human settlements. It reflects a growing trend in Bangladesh and beyond where real estate and development projects are designed not only for economic value but also for long-term environmental sustainability and improved quality of life.
- **Welcare Eco-Village:** This project closely aligns with Welcare Group BD's broader vision of creating environmentally sustainable residential and community developments that promote green living and enhance quality of life. It highlights eco-friendly infrastructure, modern housing, renewable resources, and integrated facilities like education, healthcare, and community services to build a self-sufficient and livable environment. The project aims to meet the increasing housing demand around Dhaka while maintaining environmental sustainability through proper waste management, green design, and balanced urban planning. Overall, the Welcare Eco-Village concept offers a forward-thinking model of sustainable urbanization in Bangladesh—merging

economic growth, social well-being, and environmental protection to establish a resilient, future-ready community.

Welcare Properties Ltd.

Welcare Properties Ltd. is a fast-growing apartment-based real estate company that crafts things differently. Here we believe in integrity, sustainability, excellence, goodness, and innovation. We are bringing a new spirit to the real estate business through customer satisfaction and business practices beyond standards. We are forward-thinking spirit to promote prestigious and upscale neighborhoods. Our projects are as follows:

- **Welcare Rosewood** is a residential real estate project by the Welcare Group Plot No-8, Road-412/A, Sector-08 in Jolshiri, Purbachal, Dhaka focusing on well-planned, high-quality housing developments. This project features modern infrastructure, including multi-story buildings (G+M+8 floors) on a south-facing 05 katha corner plot, with secure ownership of the land. There will be 08 apartments and a mezzanine space for gym, prayer space, guest space etc in the building and typical flat sizes will be around 2850 sq ft. The project offers access to essential amenities like schools, hospitals, parks, and shopping centers as facilities provided by the Jolshiri. Positioned for both livability and long-term investment, it offers a peaceful, low-noise environment with reliable documentation and timely project delivery. The handover of the project is planned for December 2028.
- **Welcare Condominium City** is a modern residential development undertaken by Welcare Consortium Limited on the eastern fringe of Dhaka. The project site is near the Neemtola rail station, adjacent to the Modern Green City, in Shirajdikhan, Monshiganj on the Dhaka- Mawa road. The project is based on approximately 193 Decimile of Land aiming to create a planned, eco-friendly suburban community with modern housing facilities, including playground, gym-space, swimming pool, prayer hall, community hall, commercial space, and recreational amenities, supported by road connectivity and basic utilities. There will be 04 building in the project site keeping almost 50% space open. It provides improved living standards through green spaces, water bodies, and security systems.
- **Welcare Heaven** is a flagship, integrated community development project of Welcare Group BD, designed to offer a serene, secure, and well-planned living environment in Purbachal. The apartment project offers 3-bed with 3-baranda, 3-toilet, drawing, dining, and kitchen flats of approximately 1150+ sq ft each. In the 13.34 decimile land, there will be semi-basement + G +10 floors and there will be a total 40 flats in the building. It is away from city congestion while ensuring easy access to essential services. It is part of the larger Welcare Green City development.

The project offers plots with strong infrastructure, including green spaces, parks, schools, hospitals, shopping centers, and wide roads. It targets modern homeowners seeking quality housing in a developed, eco-friendly community. Listings for flats and apartments are available from owners and agents, with options to filter by price, bedrooms, and bathrooms.

- **Welcare Bay Signature** is a hospitality and leisure project under Welcare Group BD. The resort is promoted as part of Welcare's portfolio of lifestyle and tourism-focused developments, with a planned location at Kuakata, one of Bangladesh's popular beach destinations on the Bay of Bengal. The resort is envisioned to occupy a spacious site in the Kuakata coastal area, taking advantage of the scenic sea views and the region's tranquil environment.
- **A Luxury 5-star hotel** is another tourism focused initiative of Welcare Group BD development of which is underway in Inanin, Cox's Bazar. It is offering a luxurious tranquil tourist accommodation with all the 5-star hotel facilities. The project is on a 5 Kantha land and near to the Chuti resort. It has the scenic beauty of having the sea at the front and the hills at its back.

Power & Technology

- **Welcare Power Ltd.** is a technology and energy solutions arm of the Welcare Group BD, headquartered in Sena Kalyan Bhaban, Motijheel, Dhaka, Its Sales and marketing office is located at 224/1, New Eskaton Road, Tropical NMG Tower (8th Floor), Dhaka-1000, while the factory is in Piruljali Madhya Para, Piruljali, Joydebpur, Gazipur-1703.

Welcare Power Ltd. is a trusted manufacturer and supplier of high-quality electrical accessories and home safety products. It aims to deliver safe, durable, energy-efficient, and affordable solutions for homes, offices, and commercial environments. With modern production technology, strict quality control, and customer-focused service, it ensures every product meets national and international safety standards.

Cherished Vision: Reliable power solutions for every home through seamless service.

Mission followed: Safety, quality, and innovation at the best value.

Its product lines include energy-efficient LED lighting (bulbs, flood lights, tube lights), gang switches, sockets, charger fans, exhaust fans, plugs, regular and fashionable holders, circuit breakers, capacitors, extension sockets, industrial and hybrid solar power systems, and solar water pumping systems, catering to both residential and commercial energy needs. Its market target includes homeowners, businesses, and industrial clients seeking sustainable, cost-effective power and lighting solutions nationwide, as part of the broader push toward greener, smarter energy use. With an initial investment of 02 crore BDT, we are poised to capture

Bangladesh's growing demand for affordable, high-quality green and clean energy products, establishing a strong foothold in the sector.

- **NeuraTech Ltd** is an information technology and digital solutions company based in Gulshan 1, Dhaka. The organisation provides a range of digital and IT services, including digital marketing (SEO, social media campaigns, Meta/Google ads), website and mobile app development, UI/UX design, content creation, software solutions, video production, creative branding, networking, and cybersecurity. These offerings are geared toward boosting online presence and helping businesses grow their digital footprint. NeuraTech Ltd's market target includes small to medium enterprises, e-commerce businesses, service providers, and brands seeking to enhance their digital visibility, engagement, and sales performance in both local and international markets. A good number of youths and resource persons find this organization unique for their future dreams. The organization takes pride in its contribution to the nation-building through the youth development initiatives.

TOURS & TRAVELS

Welcare Trip is a travel-related business based in Gulshan-1, Dhaka. It promotes ecotourism and, through its network, advances ecotourism in Bangladesh. The organization focuses on responsible travel to natural areas, aiming to protect the environment and enhance the well-being of local communities. It emphasizes minimizing negative impacts, educating visitors about environmental issues, and supporting local people. Additionally, it handles the sale and marketing of air tickets, offers travel packages, visa processing, and hotel reservations. Its slogan, "Your Journey, Our Care," reflects a commitment to guiding individuals through their unique experiences while promoting environmental sustainability and mental well-being through conscious travel.

AGRO BUSINESS

Sangri-la Agro Complex Ltd. is an agro-processing company known for producing a range of quality agricultural and processed food products through sustainable farming and manufacturing practices. It manufactures items such as cakes, biscuits, bakery goods, candies, chocolates, milk, and condensed milk, catering to both local consumers and international markets with affordable, high-standard food supplies. The company emphasizes consistent quality and sustainable production as part of its commitment to healthier food options and broader market reach.

TRADING

- **Welcare Trading Corporation** - A prominent trading entity in Bangladesh specializing in the import & export and distribution of diverse goods and services. The organisation is

strategically placed to support large-scale commercial activities and foreign investment, engages in sourcing and distributing a broad range of goods, including stationery items, electronics and computing devices, and building materials serving diverse business and consumer needs. Its market includes businesses and retail customers both within Bangladesh and in international trade networks, aiming to create value through reliable supply chains and partnerships that connect products with demand across sectors.

- **Zaman Trade International** is a medical equipment supplier and international trading company that specializes in providing high-quality healthcare products and solutions to hospitals, clinics, and healthcare professionals. The organization offers a comprehensive portfolio of medical devices and equipment, including cardiology systems, ICU/CCU critical care devices, radiology and imaging solutions, surgical instruments, dental and ophthalmic equipment, laboratory instruments, orthopedic devices, disposable medical supplies, hospital beds and furniture, and medical gas pipeline systems. Its key markets include healthcare providers across Bangladesh and beyond the domestic market.

Healthcare

- **Bagerhat Eye Hospital:** Bagerhat Eye Hospital is a specialized private eye hospital located in Bagerhat Sadar. The hospital offers a variety of eye treatments at affordable prices. Established in 2010, it has been providing top-quality and compassionate healthcare services through a team of dedicated medical professionals and state-of-the-art technology. They offer diagnostic services and treatments for refractive errors, cataracts, IOL, DCR, PTY, Clazian, inclusion plus implant, along with referrals for complex cases. The hospital operates as a 10-bed facility in rented premises. It organizes four eye camps each month in different unions of the district to provide free eye care support. Approximately 400 patients are served monthly, and around 50 eye surgeries are performed. The organization plans to construct its own facility on a 102 DCM land initially, with additional land purchases underway in Bagerhat Sadar to establish a model hospital and medical college that will serve the entire South Bengal region.

Social Impact & CSR

- **Vision Bangladesh Health and Education Society (VBHES)** is a non-political, non-profit national NGO dedicated to socio-economic development in Bangladesh. It stands as a unique example of social entrepreneurship in action, advancing holistic development through innovative, impact-driven enterprises. Rooted in the belief that sustainable social progress can be fueled by strategic business interventions, Vision Bangladesh has established and nurtured a portfolio of entrepreneurial ventures that address critical needs across healthcare, education, technology, renewable energy, and eco-tourism. It focuses on improving maternal and child health, nutrition, and education. Through sustainable programs and partnerships

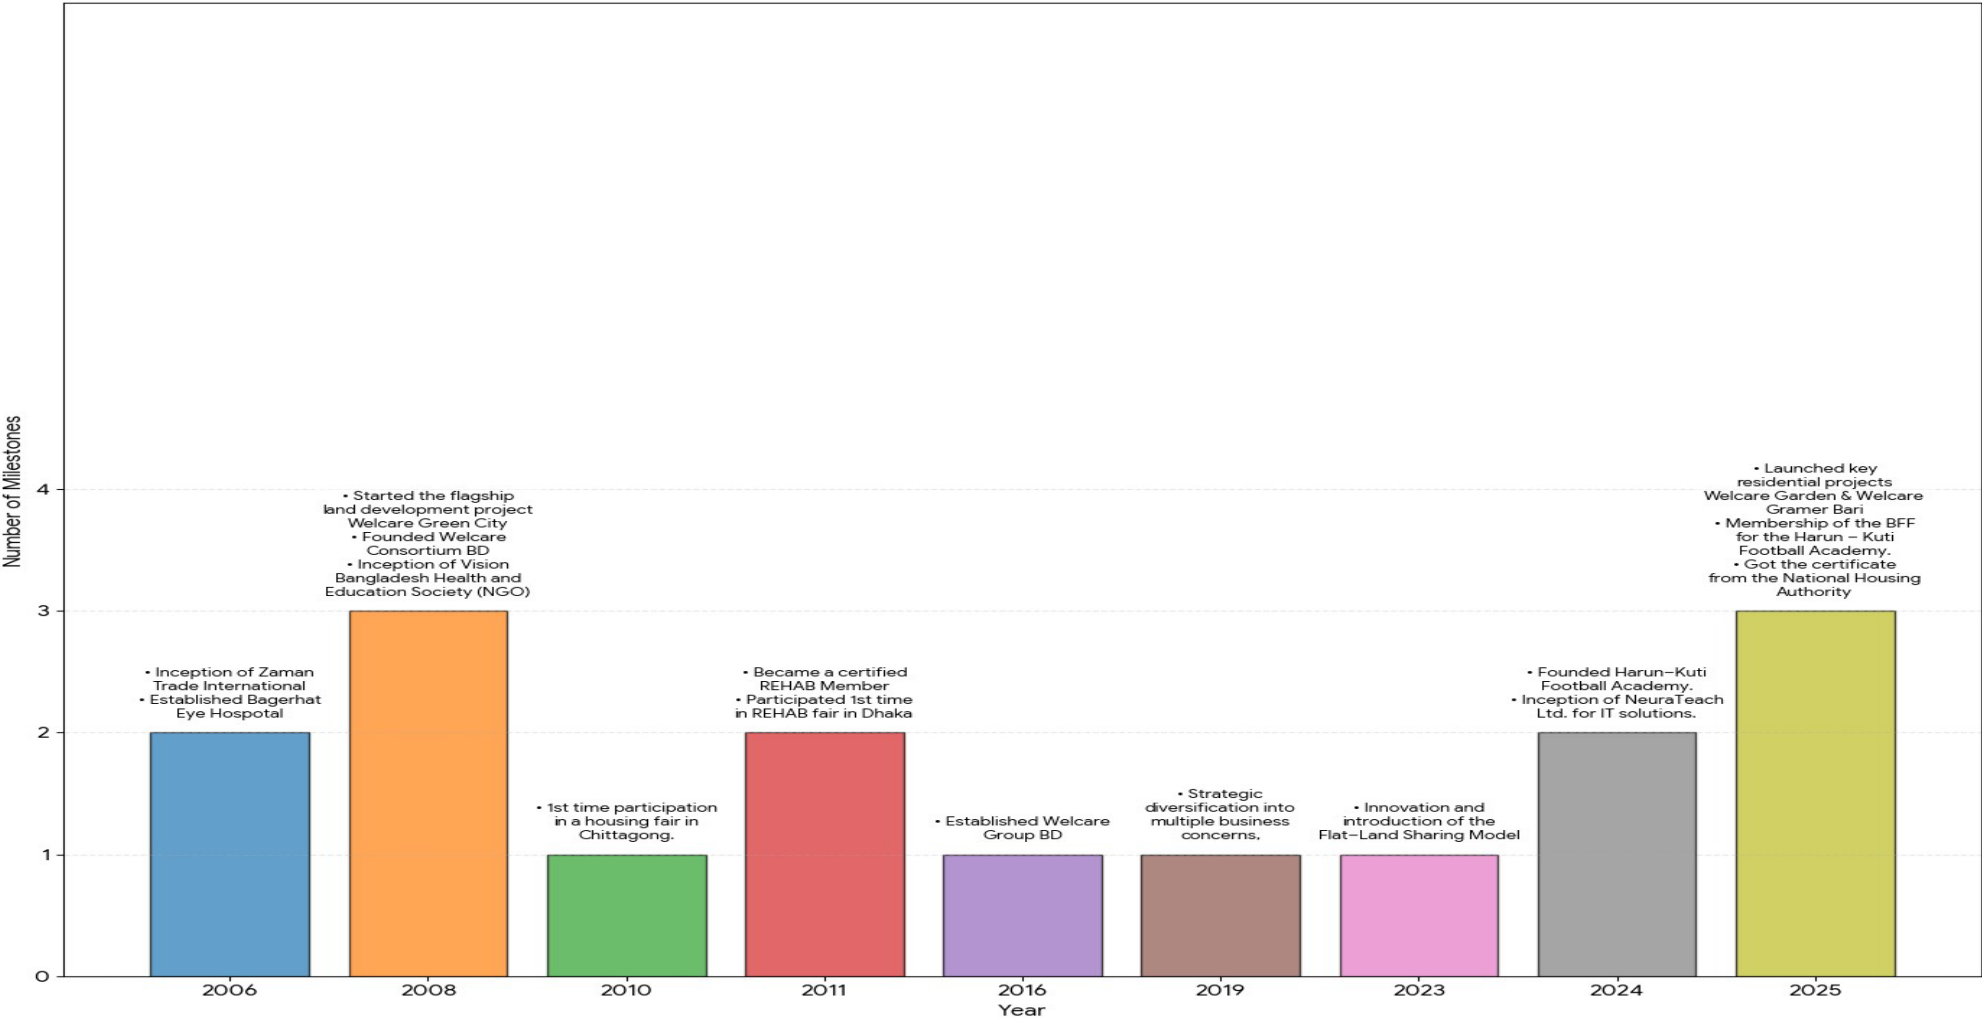

with local and international stakeholders, VBHES works to create lasting positive impact, especially for marginalized communities, women, and children.

- **Harun-Kuti Memorial Football Academy** is a grassroots initiative dedicated to nurturing young football talent in Bangladesh. The academy is named in honor of two passionate social developers of Bagerhat - Mr. Sheikh Harun-or-Rashid and Mr. Sheikh Fazlur Rahman (Kuti Miah) . The academy focuses on providing training, discipline, and opportunities to youth from underprivileged backgrounds, fostering both athletic development and character building. It plays a vital role in promoting sportsmanship and community engagement through local tournaments and outreach programs.

Logistics & Freight Forwarding

- **Welcare Global Logistics Ltd.** is a premier freight forwarding and logistics company dedicated to seamless global supply chain management. The organization provides a comprehensive range of logistics and transport services, including sea, air, road, and multimodal transportation, customs clearance (C&F) coordination, cargo consolidation and deconsolidation, warehousing, storage, and route planning. These offerings are geared toward ensuring the safe, efficient, timely, and cost-effective movement of goods from origin to final destination across borders. Welcare Global Logistics Ltd's market target includes exporters, importers, small to large enterprises, e-commerce businesses, and global brands seeking to optimize their supply chain operations, regulatory compliance, and distribution efficiency in both local and international markets. The organization takes pride in its commitment to reliable service delivery, robust stakeholder coordination, and facilitating global trade requirements.

Welcare Group BD: Annual Achievements & Milestones

Way forward

With over a decade of industry experience, Welcare Group BD has grown by expanding its product and service range, enhancing operational excellence and customer support. As the organization continues to expand its presence across real estate, industrial production, and diversified services, the way forward centers on scaling sustainable growth, deepening community impact, and enhancing customer value. Building on recent successful launches, the Group aims to strengthen its project delivery by prioritizing quality infrastructure, eco-friendly living spaces, and innovation in service delivery to meet evolving market needs while exploring new opportunities for foreign investment and public-private partnerships. With a strong commitment to sustainability, community empowerment, and social responsibility, the Group will continue to integrate modern technologies, elevate operational excellence, and strengthen brand reputation both domestically and internationally.
